JFK/EWR			
Seattle, WA	CO/CO	1 Nov 03	SEA
St. Louis, MO	CO/CO	1 Nov 03	STL

Notes:

1. All VPCs in CONUS shall be located within a 25 mile radius of the designated airport.
2. All VPCs in CONUS shall be Contractor-Owned/Contractor-Operated.
3. Performance at the individual VPCs will begin at the above designated dates.
4. Operating hours at all CONUS VPCs shall be 0800-1700, Monday through Friday.
5. At the Norfolk VPC, there is a requirement for after hours issue/receipt. The contractor shall provide POV processing service after normal work hours on a two (2) hour notice for issue/release service for military flights, i.e., Iceland and GTMO flights arriving after hours. This service shall include vehicles scheduled and unscheduled for receipt or issue after hours. The contractor shall provide a local telephone number with a 24-hour point of contact for both after hours receipt/issue and/or emergency processing.
- *6. The Norfolk VPC shall be a Directed Source in accordance with the Javits-Wagner-O'Day (JWOD) program.
- *7. The Los Angeles VPC is responsible for the Quality of Lift Site at San Diego, CA. The following information is provided:

<u>QoL Location</u>	<u>Address</u>	<u>Type</u>	<u>Effective Date</u>
San Diego, CA	COMMANDING OFFICER FLEET AND INDUSTRIAL SUPPLY CENTER 937 HARBOR DRIVE STE 310 SAN DIEGO, CA 92132-0310	QoL	1 Nov 03

San Diego, CA is a Quality of Life-VPC. This is a pick-up and drop-off point with a high estimated volume. To schedule an appointment for pick-up/drop-off, the contractor shall contact the responsible ITO/TMO within 24 hours of receiving a POV destined for this location or within 24 hours of being notified by the ITO/TMO that a POV is ready for pick-up. The contractor shall only release/pick-up the POV to/from the customer/owner or his/her agent, however, the contractor shall, at the specific request from the ITO/TMO and upon approval of the Contracting Officer, release/pick-up the POV to/from the ITO/TMO. **QL-VPCs do not have a COR on-site.**
Point of Contact at San Diego, CA: Lowell W. Franklin, Tel: (619) 556-8777 or 8768, Fax: (619) 556-8751 or 8763.

1. Contractor Owned/Contractor operated. VPC shall be within 15 mile radius of Rota Spain.
2. The 496th Air Base SQ, Moran AB, Seville; National Support Element, and Office of Defense Cooperation, Madrid, Spain; CINCUSNAVEUR DET and U.S. Embassy (GSO), Lisbon, Portugal are Quality of Life-VPCs. They are pick-up and drop-off points with low estimated volumes. To schedule an appointment for pick-up/drop-offs, the contractor shall coordinate with the transportation officer within 24 hours of receiving a POV destined for these locations or within 24 hours of being notified by the transportation office that a POV is ready for pick-up. The contractor shall only release/pick-up the POV to/from the customer/owner or his/her agent. However, the contractor shall, at the specific request of the transportation office and upon approval of the Contracting Officer, release/pick-up the POV to/from the transportation office. Contractor will perform an initial agricultural inspection at the pick up point and final wash-down and inspection at the VPC facility in Rota prior to shipment of the POV. All POV pickups and turn ins will be by appointment.

For POVs inbound to Rota and Seville, the contractor shall prepare and submit to customs officials for signature a “Conduce”, the Spanish customs temporary import document; and the signed “Conduce” will be delivered to the Security Department on Station for initiating POV registration requirements. For POVs inbound to ODC and NATO, Madrid, Spain; ; CINCUSNAVEUR DET and U.S. Embassy (GSO), Lisbon, Portugal the following applies:

a. **ODC Madrid:** The contractor will prepare and submit "conduces" to Spanish customs for approval and signature. "Conduces" allow members to drive their POVs for 45 days, pending final registration. The "conduces" will be submitted to Spanish customs via the Naval Station Rota Military Customs' Agent who prepares "solicitos" for the POVs and submits them with the "conduces" to Spanish customs for approval. The "solicitos" authorize the VPC to move POVs from the POD to the VPC warehouse in Rota, pending final customs' clearance. On receipt of the signed "conduces", the contractor delivers them to the Naval Station Rota Security POV Registration Office who advises ODC of POVs' arrival and forwards required customs documents, NAVEUR Forms NS-407. On receipt and processing of the NAVEUR Forms NS-407 from ODC, Security POV Registration Office arranges POV delivery dates with the VPC. VPC transports the POVs to ODC in Madrid via the Navy Exchange Service Station where vehicles are inspected by an authorized Spanish Traffic Inspector. On arrival in Madrid, a VPC representative, prior to releasing the vehicles, performs joint quality control inspections with members. Registration requirements are accomplished by ODC in Madrid.

b. **For NATO Madrid:** The contractor will advise Naval Station Rota Customs Agent of POVs scheduled to arrive, providing complete shipping and POV data. Naval Station Rota Customs Agent prepares the Spanish customs forms, "solicitos", which authorize the contractor to move the POVs from the POD to the VPC warehouse in Rota, Spain. The contractor prepares and forwards NATO POV Customs Exemption Forms via fax to NATO Madrid. NATO Madrid arranges delivery dates with contractor and on the dates of delivery in Madrid, the contractor VPC representative and members jointly inspect the POVs. Final customs clearance and registration are performed by NATO in Madrid.

c. **CINCUSNAVEUR DET and U.S. Embassy (GSO), Lisbon, Portugal**

Outbound POVs: Contractor will perform initial agricultural inspections at the pickup point in Lisbon and final wash-down and inspection at the VPC facility in Rota prior to shipment of the POVs. All POV pickups and turn-ins will be by appointment. Contractor will truck POVs from Lisbon to the VPC in Rota on AE Forms 302. Transportation Officers at CINCUSNAVEURDET and U.S. Embassy Lisbon will prepare the shipping documents. Following final inspection at Rota, contractor will book, load POVs into ocean containers and transport the containers to the POE. Copy of Form 302 for the POVs, stamped by Spanish Customs, will be returned to respective Transportation Officers, CINCUSNAVEUR DET and U.S. Embassy in Lisbon, who forwards the forms to Portuguese Customs.

Inbound POVs: VPC advises the Rota Naval Station Customs Agent of POVs scheduled to arrive, providing complete POV and shipment data. Customs Agent prepares "solicitos", Spanish Customs Forms, which permit the contractor to move POV ocean containers to the VPC warehouse in Rota. Contractor unloads ocean containers and notifies Transportation Officers either at CINCUSNAVEUR DET or the U.S. Embassy in Lisbon. POVs that can be accepted immediately are trucked to Lisbon where

a joint inspection is made by the VPC representative and military/civilian members. POVs are transported from Rota to Lisbon on AE Form 302 that are prepared by the Supply Department Traffic Branch Shipping Section in Rota. POVs, for which transportation to Lisbon is not immediately arranged, are placed in SIT at the Rota VPC warehouse, pending request for shipment to Lisbon. Transportation Officers at CINCUSNAVEUR DET and the U. S. Embassy will affect final customs clearance in Lisbon of POVs for which they are responsible.

3. Loading and unloading ocean containers will be at the contractor's VPC facility in Rota, Spain.
